are all LTA Qualified/Licensed*

Mini Red 5 - 8 years

Played on a smaller court with shorter rackets and softer red felt balls. It's just like the real game and gives younger players the opportunity to have longer rallies and play different types of shots. Its purpose is to introduce young players to the game, develop technique and give them skills to progress to Mini Orange.

Mini Orange 8 - 10 years

Played on a slightly bigger court than Red, with bigger rackets and balls that bounce a bit higher. It's the next stage to go through before playing on a full court and is designed to develop the correct shots needed for a full court game plus providing fun competition.

Mini Green 10 - 12 years

The final step before full size tennis. It is played with slightly shorter than full size rackets and a green ball which is a little softer than a proper tennis ball. It will help players work on and improve all aspects of their game so they are ready for full size tennis.

Junior Silver/Gold 12 - 16 years

Silver is for players able to rally and serve from the baseline, who would like to improve technically and tactically and are starting to compete in inter club matches and local LTA tournaments. Gold is a fun session to practice your single and doubles play. Qualified/Licensed
